Global Greyhound Comparison Chart Guide

Destination & Name

The destination country (or continent if multiple countries) and the name of the trip, usually based on the theme.

Trip Type

Travel Course: A course that has travel involved. All students who sign up for a travel course must take the course for credit. Auditing is not permitted. Travel courses may range between 0.5 units to 1 unit. Depending on the term and/or the student's allowable number of units, there may be additional tuition fee.

Travel Experience: A trip that is not associated with a course, therefore no academic credit is given.

Travel Term

When the trip will travel. This is a predetermined date; students cannot choose an alternative term for a specific trip to run.

Class Term

When the course will run. Class terms range from only during travel to a partial semester plus travel to a full semester plus travel.

of Units

The unit value of the course. Students are expected to leave room in their academic schedule for the travel course.

Cost

The entire program cost per student. This is the cost for someone who is self-pay. Check out the trip's web page to understand what is and what is not included in the cost.

Elevate Cost

The entire program cost per student minus the \$2,600 Elevate Travel Credit. This is the cost for someone who has not yet used their Elevate Travel Credit. Check out the trip's web page to understand what is and what is not included in the cost.

Travel Fee

The Travel Fee is automatically applied to the account of every student who is going on a trip. This fee covers the cost of travel insurance.

Spending Money

The recommended amount of spending money to have while abroad. This takes into account the destination, length of trip, number of meals, and potential souvenirs excluded from the trip cost.

Deadline

The deadline for students to sign a Travel Agreement for their desired trip in the AMOS Travel Portal. All trips are first come, first serve.
