

AblePay

SIMPLE **HEALTH** SAVINGS

A **no-cost** benefit that provides discounts and flexible payment terms on deductibles and coinsurance

ablepayhealth.com

HOW DOES IT WORK?

Provider Partnership

AblePay contracts with providers interested in lowering their costs and enhancing their receivable time without risk of recourse. We then work with employers, insurance brokers, and individuals in the provider's community to make them aware of how we can help "soften the blow" of higher deductibles and coinsurance by providing a discount and flexible payment term.

Becoming a Member

Sign-up is easy and at NO-COST. We provide you a link to our secure enrollment portal. Simply fill out your personal information and select your preferred payment method and term. In less than five minutes your membership is established. You will then receive your card in the mail.

Using the Card

Members show their AblePay card along with their insurance card. After service is complete and the insurance company processes the claim, the provider will invoice AblePay electronically and we will forward the invoice electronically to our member. Our member will have the opportunity to alter the payment method and term that makes the most sense for their current financial needs.

How can there be no cost associated with signing up for AblePay? By assisting medical providers in reducing expenses and increasing receivables, we share a portion of the savings with our members. We simply retain a portion of the savings to operate AblePay Health.

Is AblePay insurance? No, AblePay is not insurance or supplemental insurance. It is entered as secondary insurance only for the purpose of the bill being sent to AblePay for processing.

Does it matter who the insurance carrier is? No, potential savings occur after the insurance process is completed, so it does not matter who the insurance carrier is.

Do I still receive my Explanations of Benefits (EOB's)? Yes! You will still receive your Explanation of Benefits (EOB's) as you currently do from your insurance carrier.

Can my spouse or children be members? Yes, anyone you wish to be financially responsible for can be a member. You can simply add them when you enroll and we will send a card. Remember, it does not matter if there are different Insurance carriers. Everyone is eligible!

What do you do with my payment information? Your payment information is tokenized and sent to a payment processing facility, we do not retain or have access to this information other than to receive the payment after your account is established.

Can I use my AblePay card for Co-Pays? Unfortunately, since most co-pays are incurred prior to service and take place before the insurance process, we are unable to provide a discount on co-pays, unless your medical provider does not charge you at time of service.

Can I use AblePay for my prescriptions? At this time, we can only provide discounts on medical services. We are unable to discount prescriptions at this time.

Can I use my AblePay card at the dentist or eye doctor? Dental and Vision are supplemental insurance. We are unable to discount dental and vision care at this time.
