

Creditable Coverage Disclosure Notice

Important Notice from Moravian College About Your Prescription Drug Coverage and Medicare

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Moravian College and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, covered drugs and the cost of your drugs with the coverage and costs of Medicare plans offering prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current prescription drug coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone who has Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. Moravian College has determined that the prescription drug coverage offered by Moravian College is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays; and, therefore, considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can You Join a Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th to December 7th.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens To Your Current Coverage If You Decide To Join A Medicare Drug Plan?

If you decide to join a Medicare drug plan, your current Moravian College coverage will not be affected. The prescription drug coverage offered through Moravian College has a \$100 annual deductible. Participants are responsible for copayments which vary by the drug type and whether the prescription is filled at a retail pharmacy or through mail order. For prescriptions obtained at a participating retail pharmacy (up to a 31 day supply) the copayment is: \$10 Generic Drugs, \$30 for Brand-Name Drugs and \$60 for

Brand-Name Non-Formulary drugs. For prescriptions obtained through the mandatory mail order (up to a 90 day supply) the copayment is: \$20 for Generic Drugs, \$60 for Brand-Name Drugs and \$115 for Brand-Name Non-Formulary drugs. For Specialty drugs, participants are responsible for 10% coinsurance up to a \$100 copay maximum (up to a 31 day supply.)

If you decide to join a Medicare drug plan and drop your current Moravian College prescription drug coverage, be aware that you and your dependents will be able to get this coverage back.

When Will You Pay a Higher Premium (Penalty) to Join a Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with Moravian College and don't join a Medicare prescription drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 days or longer, without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.
